🎯 Career Objective

Detail-oriented and passionate Web Developer with hands-on experience in Core PHP and Laravel seeking a full-time opportunity to contribute to robust, scalable web applications. Adept at writing clean code, following best practices, and solving real-world problems. Eager to work in a growth-oriented company where I can leverage my skills and keep learning.

🔍 Professional Summary

- Currently working as a Web Developer with hands-on experience in Core PHP and Laravel projects, building scalable web applications and real-time features.
- Proficient in both frontend and backend development, with a strong command of authentication systems, admin dashboards, and CRUD operations.
- Dedicated to clean, maintainable code and continuously learning best practices in modern web technologies.
- Proven ability to contribute to live projects independently and as part of a team, with a focus on problem-solving, performance, and user experience.

💻 Technical Skills

Languages/Web Tech	PHP, JavaScript, HTML5, CSS3, AJAX
Frameworks / Libraries	Laravel, Bootstrap 5, React, JQuery
Databases	MySQL(MySQLi Procedural), Firestore
Tools	Git, Composer, REST APIs, MVC, Authentication, CRUD
